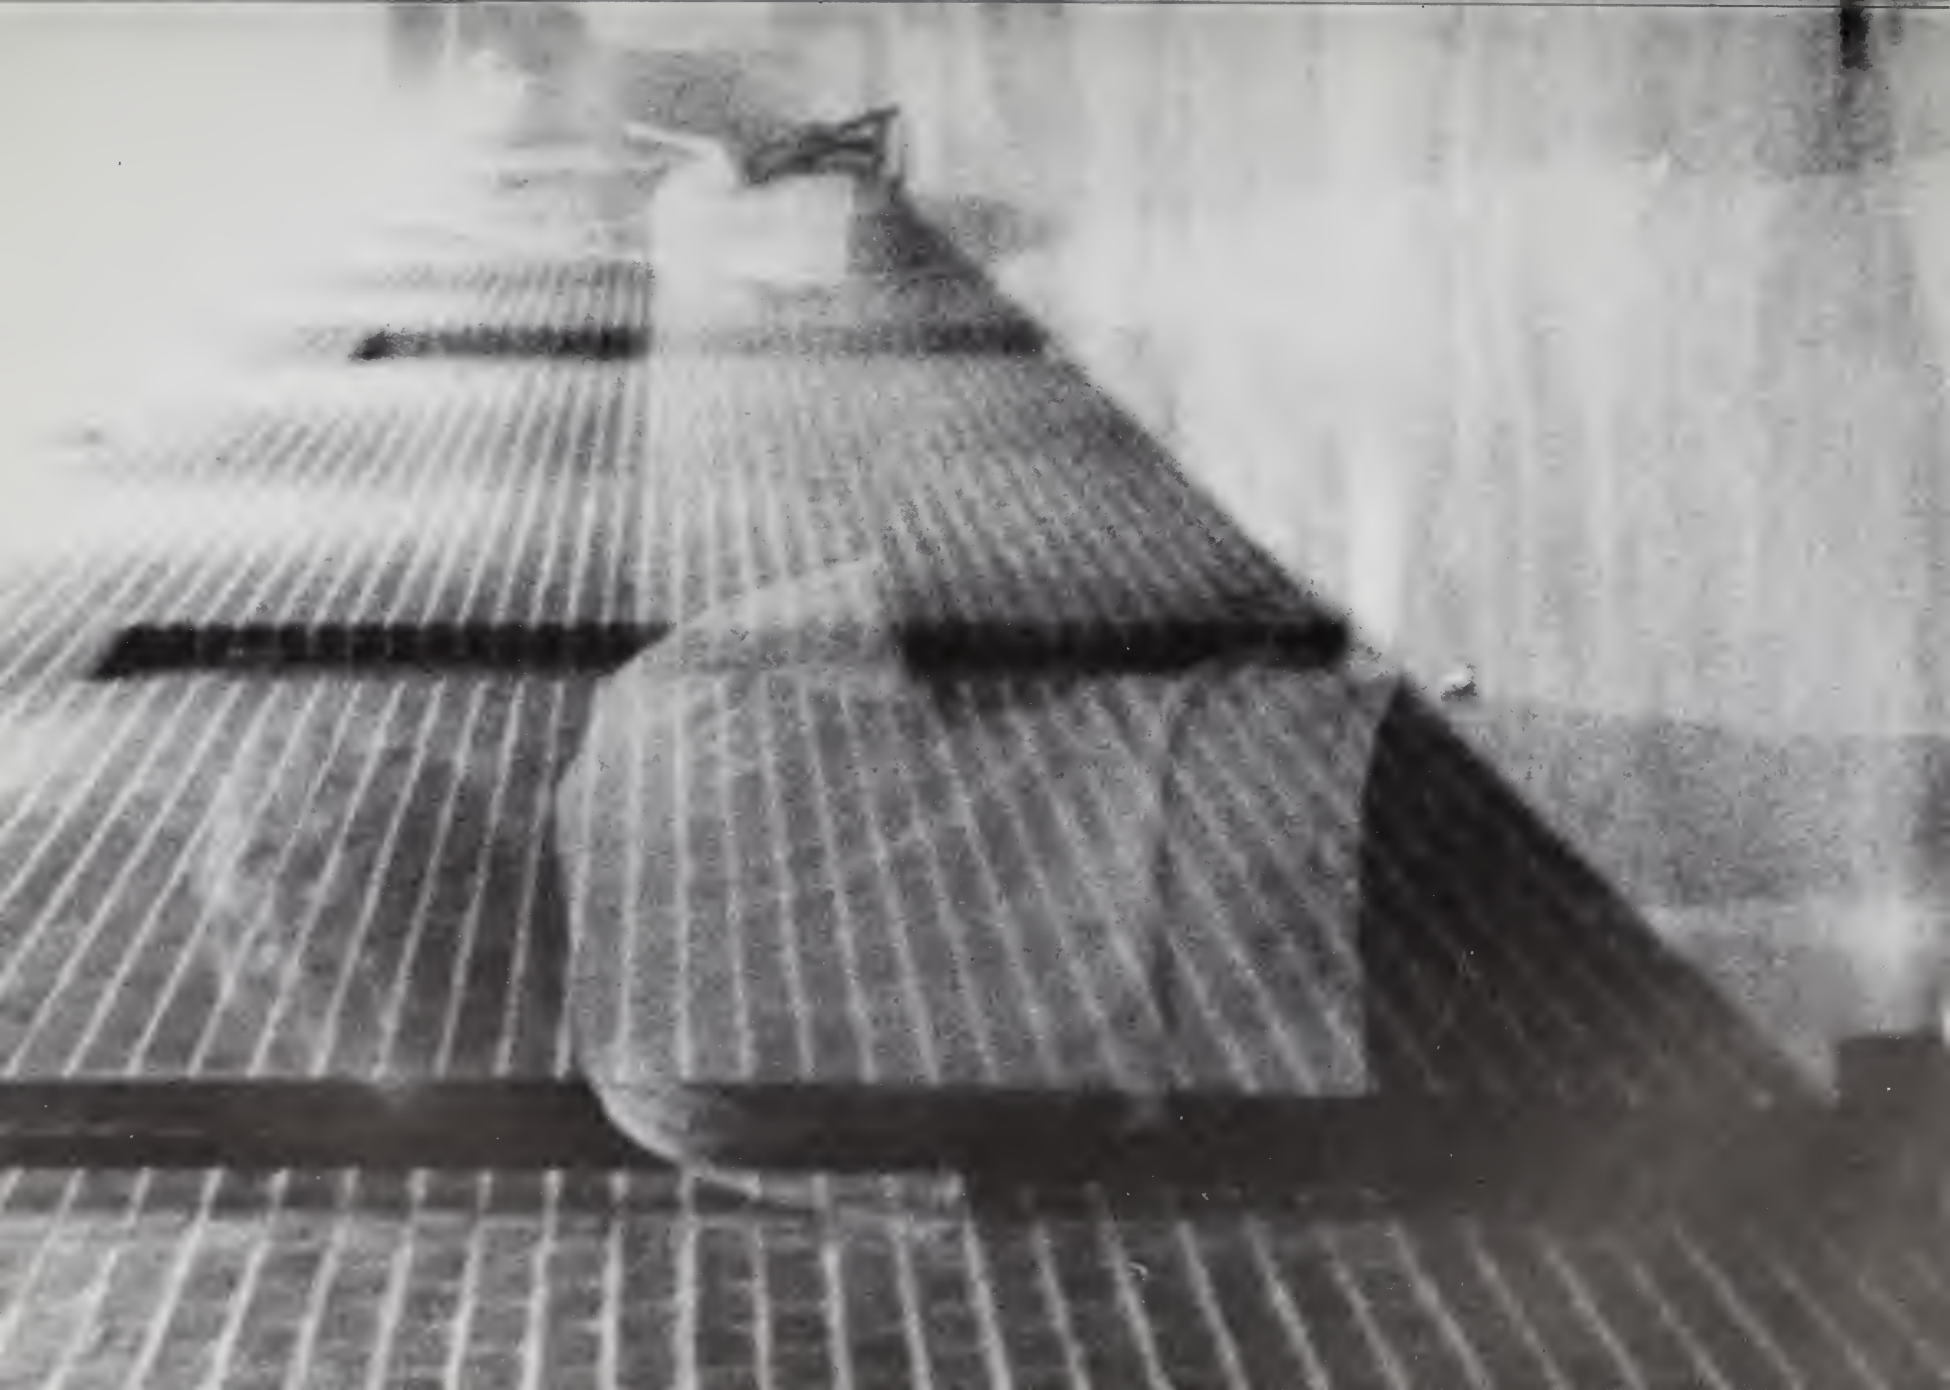
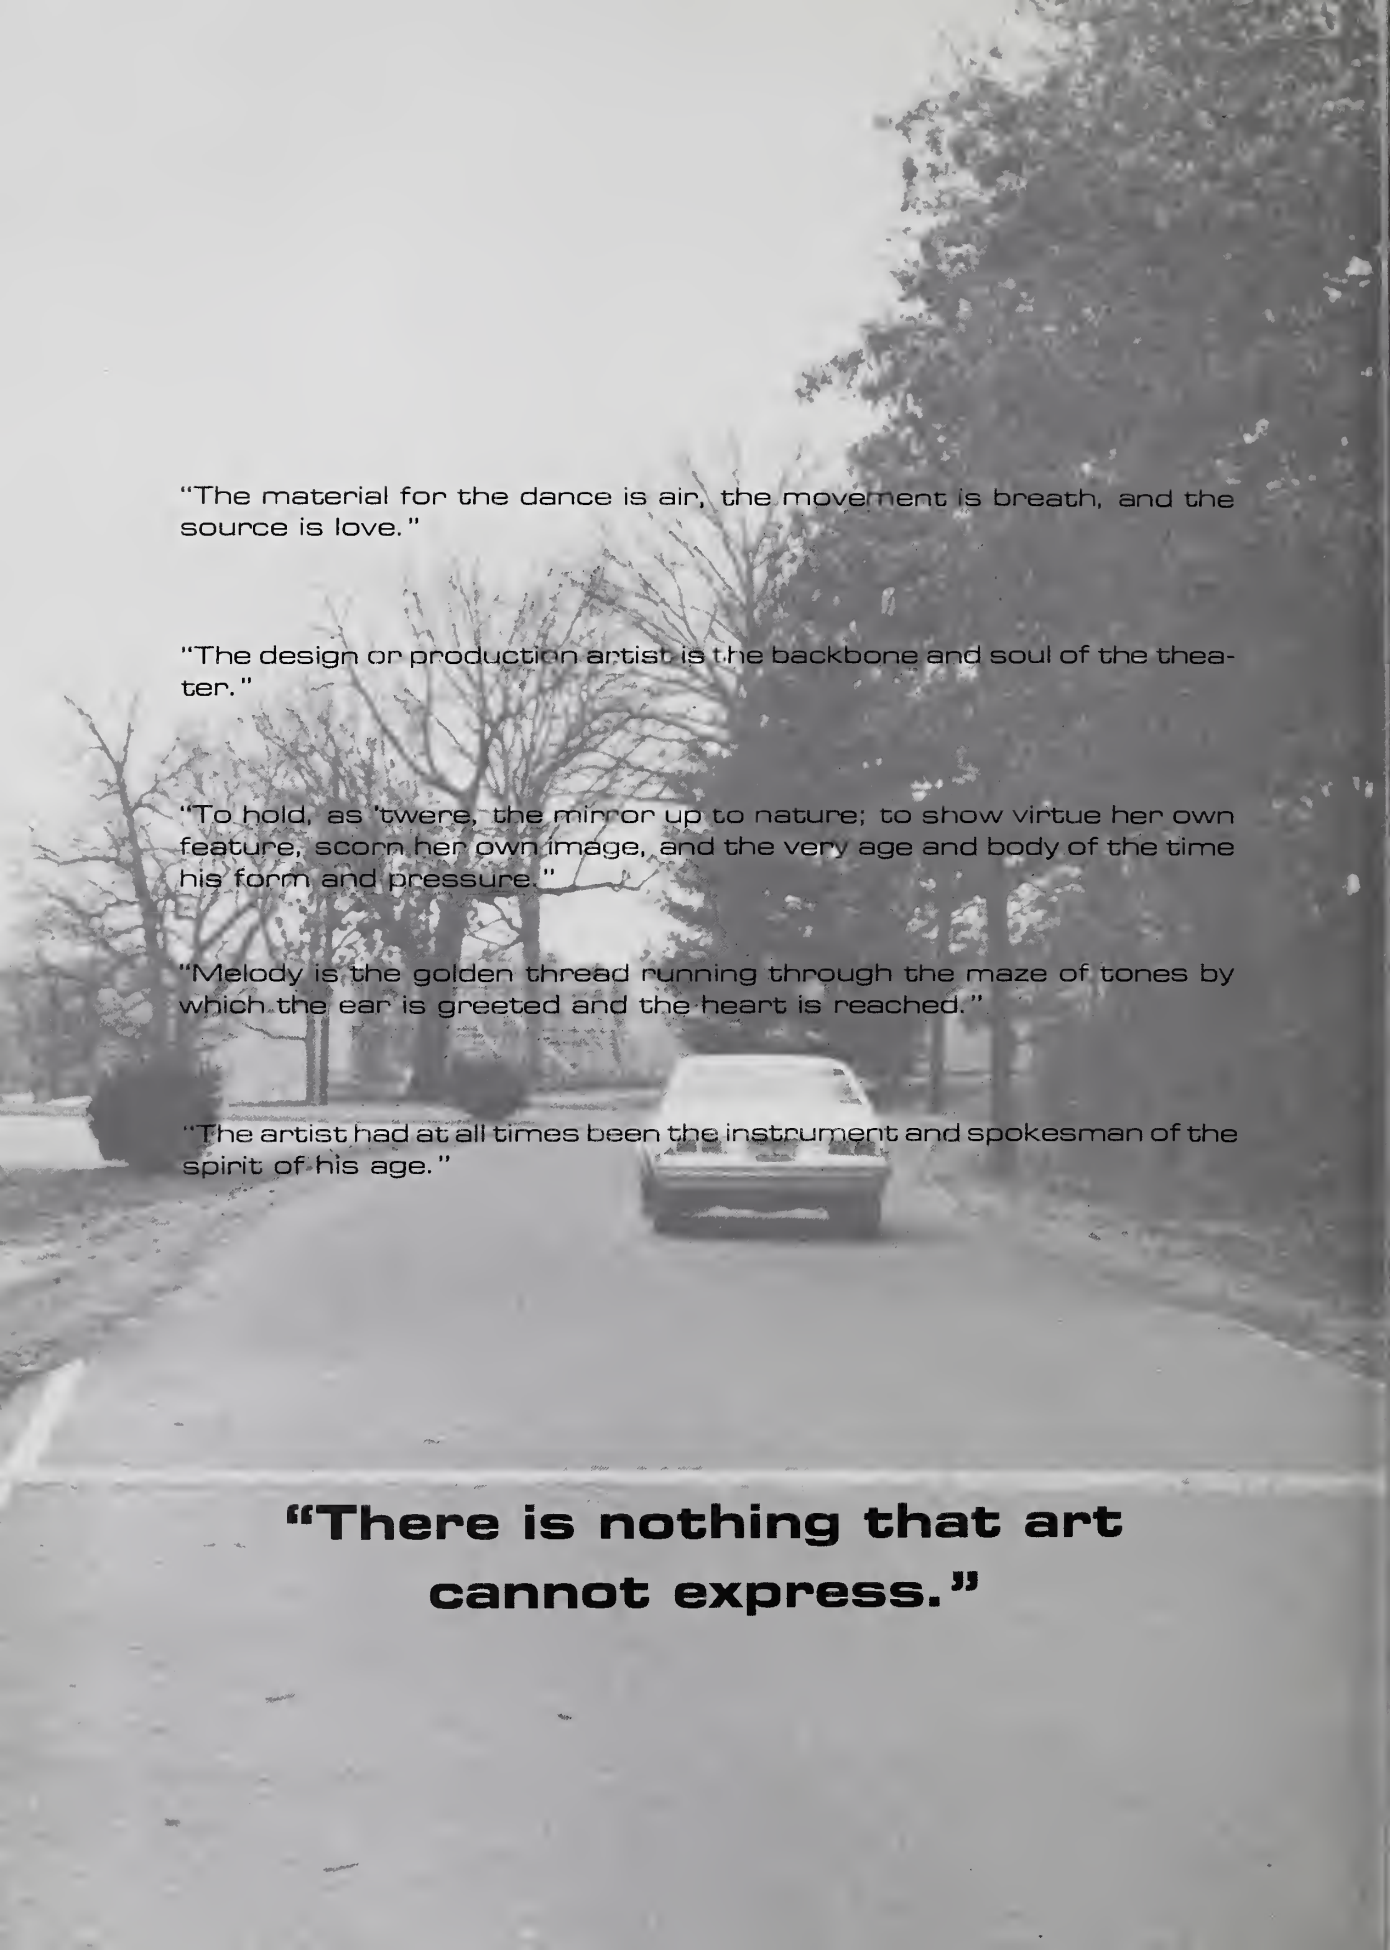
BEAUX ARTS '86!





"The material for the dance is air, the movement is breath, and the source is love."

"The design or production artist is the backbone and soul of the theater."

"To hold, as 'twere, the mirror up to nature; to show virtue her own feature, scorn her own image, and the very age and body of the time his form and pressure."

"Melody is the golden thread running through the maze of tones by which the ear is greeted and the heart is reached."

"The artist had at all times been the instrument and spokesman of the spirit of his age."

"There is nothing that art cannot express."
